

# LUCIANA RIBEIRO

## Senior Software Engineer

+55 61 98380-2552 • albuquerqueluciana54@gmail.com • Brasília, Brazil

### ABOUT ME

Passionate software engineer with 8+ years of experience building scalable, user-centric applications. Specialized in modern front-end development with React, React Native, Flutter, and Angular, while maintaining strong full-stack capabilities with Node.js and cloud infrastructure. Driven by a commitment to exceptional user experience, accessibility, and code quality. Thrives in collaborative environments where clean architecture and continuous learning fuel innovation.

### PROFESSIONAL EXPERIENCE

8+ years of experience - Highlighting most recent positions

#### Senior Software Engineer

##### CI&T

October 2024 - Present | Remote

- Architected and developed a comprehensive design system from scratch, implementing token integration with **Tokens Studio** and cross-platform token manipulation using **Style Dictionary**
- Led technical direction for a team of 6 developers, establishing **TypeScript** best practices and maintaining exceptional code quality standards
- Engineered a monorepo architecture using **pnpm** workspaces, optimizing bundle size and application performance
- Championed accessibility initiatives with continuous research and implementation of **WCAG standards**
- Leveraged **AI tools** extensively, including creating custom **Model Context Protocols (MCPs)**

#### Software Consultant

##### Thoughtworks

May 2021 - October 2024 | Remote

- Delivered high-quality solutions across diverse technology stacks including **ReactJS**, **React Native**, **Angular2**, **Flutter**, **NodeJS**, **AWS**, **MySQL**, and **PostgreSQL**
- Applied agile methodologies (**Scrum**, **XP**, **Kanban**) daily, ensuring continuous value delivery and social impact
- Maintained rigorous adherence to clean code principles and programming best practices
- Developed soft skills through collaboration with multicultural teams in challenging global environments

#### Software Developer

##### Profusion

August 2020 - April 2021 | Remote

- Implemented advanced front-end solutions with **React Native**, **GraphQL**, **Apollo CLI**, **C#**, and **Xamarin**
- Pioneered adoption of **React Hooks**, **Storybook**, and **GraphQL** to enhance software quality
- Established **Git** best practices and repository management standards
- Delivered complex front-end features including **SVG** manipulation and highly responsive interfaces

### LANGUAGES

#### Portuguese

Native

#### English

Proficient

#### Spanish

Beginner

### EDUCATION

#### Bachelor's Degree in Software Engineering University of Brasilia

March 2015 - February 2023
